MESSAGE FROM THE ISHRS PRESIDENT

Dear Colleagues,

Welcome to Rio de Janeiro and our World Congress. It is a pleasure to gather in this vibrant and beautiful city, renowned for its beaches, music, culture, and warm hospitality. Rio provides a wonderful setting to reconnect with colleagues, forge new friendships, and enjoy all that Brazil has to offer.

Conradin von Albertini, MD, FISHRS

First and foremost, I would like to congratulate and thank Dr. Maxim Chumak, Program Chair, for his vision, leadership, and dedication in shaping this World Congress. He has been well-supported by the World Congress Committee, whose commitment has helped create an exciting, relevant, and welcoming Congress for members at every career stage.

His program thoughtfully combines traditional Congress elements—such as General and Focused Sessions, Meet with the Experts table discussions, M&M Conference, Live Patient Viewing, and the Surgical Assistants Program—with innovative new features, including cutting-edge video sessions and a refreshed experience for Newcomers. I encourage you to explore the program fully and take advantage of this opportunity to learn from colleagues worldwide.

I also want to thank Melanie Stancampiano, ISHRS Programs Director, and her team for their invaluable support in bringing this Congress to life. Their behind-the-scenes efforts are vital for ensuring our meeting runs smoothly and provides an outstanding experience for everyone.

The World Congress is more than just an annual meeting; it is a forum for exchanging ideas, discovering new techniques, discussing challenging cases, and advancing patient care. It is also a valuable opportunity to strengthen friendships and professional connections across our global community.

The theme of this year's Congress, Where Integrity Meets Excellence, reflects a core principle of our profession. Excellence in hair restoration involves not only technical skill but also honesty with our patients, thoughtful decision-making, sound evidence, and respect for every individual. Integrity should guide us every day—in our practices, teaching, research, and representation of our specialty.

The ISHRS continues to thrive thanks to the dedication of its members, volunteers, faculty, committees, and staff. Our core values—education, research, and collegiality—remain central to our work, and this Congress offers an ideal opportunity to strengthen these principles together.

Whether this is your first World Congress or one of many, I hope you will fully engage in all it has to offer—learning, sharing ideas, and enjoying time with colleagues from around the world. I also hope you will savor our Gala evening, inspired by Rio Tropical Glamour, as a festive and memorable celebration in the warm spirit of this extraordinary city.

With warm personal regards,

Conradin von Albertini, MD, FISHRS
ISHRS President

MESSAGE FROM THE PROGRAM CHAIR

It is difficult to believe that after many months of planning, the Rio World Congress is here.

From the beginning, our goal was to build a scientific program around the theme “Where Integrity Meets Excellence.” We wanted this Congress not only to present excellent science and surgical techniques, but also to create meaningful discussion about where our specialty is going and the standards we want to maintain as it continues to grow.

This year we received 196 abstracts, with many excellent submissions from around the world. Creating the final program from such a strong group was one of the most challenging parts of the process. We relied heavily on the World Congress Scientific Program Committee and tried to make the selection process as fair and objective as possible while creating opportunities for both established faculty and newer voices within the society.

The final program brings together traditional General Sessions with Focused Sessions, debates, Cases, Studies and Innovations (CSI) presentations, challenging complication cases, emerging technologies, regenerative therapies, surgical planning, ethics, safety, and practice management. We have also tried to create more opportunities for interaction—not simply lectures, but discussion, questions, debate, and direct exchange between faculty and attendees.

I also want to personally thank Dr. Conradin von Albertini, President of the ISHRS. Conradin was the person who offered me the opportunity to serve as Program Chair and trusted me with the responsibility of putting this Congress together. His confidence in me from the beginning, and his continued support and willingness to discuss new ideas throughout the process, have meant a great deal to me.

I am equally grateful to the Scientific Committee, our session chairs, moderators, faculty, and ISHRS staff. There have been countless meetings, emails, WhatsApp discussions, revisions, and ideas behind what will ultimately appear as three days on the program. I truly appreciate how much time everyone has contributed.

My hope is that people leave Rio not only with new techniques and ideas they can bring back to their practices, but also with renewed pride in our specialty and in the responsibility we have toward our patients and each other.

I look forward to meeting you here in Rio.

Maxim Chumak, MD, FISHRS
Program Chair
34th ISHRS World Congress

CME INFORMATION

The ISHRS is the leader in high quality education for hair restoration surgeons. The ISHRS has achieved the prestigious accreditation to organize education for physicians from the renowned Accreditation Council for Continuing Medical Education.

The 2026 ISHRS World Congress is not sanctioned for CME Credits.

However, the meeting will comply as much as possible with the policies and best practices of the Accreditation Council for Continuing Medical Education. All individuals in a position to control the content of the activity, including speakers and authors, moderators, and planning committee members, will properly disclose relevant financial relationships with any commercial interests pertinent to their talk or the subject of the meeting.

Learning Objective (Overall)

Evaluate evidence-based approaches to the diagnosis and management of hair loss, including surgical hair restoration, medical and regenerative therapies, emerging technologies, complication prevention and management, and ethical patient care, to optimize safe, individualized, long-term patient outcomes.

Speaker Disclosures of Conflicts of Interest

All presenters were required to disclose their relevant financial relationships. Such disclosures are published in the Abstract Book.

Certificate of Attendance

Attendees in Rio receive a personalized Certificate of Attendance in their registration packets. On-demand recorded meeting attendees will be emailed a Certificate of Attendance suitable for framing by November 17, 2026.

Evaluation Surveys

The CME Committee kindly requests that you complete the overall evaluation survey you will receive via email in the days following the in-person meeting. Your feedback is very valuable to us! We make changes to the program and faculty based on your comments so we may continually improve the World Congress. Thank you for your participation!

THANK YOU Corporate Support

We gratefully recognize the contributions of our commercial supporters.

MEETING INFORMATION

OFFICIAL LANGUAGE

The official language of the meeting is English. Live translation will be provided via Wordly.AI. Individuals must use their own personal devices to access translation services. Please bring headphones if you plan to use live audio translation. English subtitles will be added to the presentation screens in the General Session room.

PERSONS WITH DISABILITIES

The ISHRS fully complies with the legal requirements of the Americans with Disabilities Act (ADA) and the rules and regulations thereof. If any participant in this educational activity is in need of support services, please notify the ISHRS Headquarters Office at +1-630-262-5399 or info@ishrs.org as soon as possible, and preferably before September 11, 2026.

CANCELLATION/REFUND POLICY

All registration fees, less a \$100.00 administration fee, will be refunded upon written notice of cancellation to the ISHRS office received on or before September 11, 2026.

There will be no refund of fees for cancellation or for lack of attendance without notification. It is your responsibility to ensure that your cancellation request has been received by the ISHRS headquarters office. All refund requests must be in writing. "No shows" who have not pre-paid will be invoiced for the total registration fee.

PHOTOGRAPHY & VIDEO RECORDING POLICY

Photo Policy:

Conference attendees may take photographs during oral or poster presentations provided that the photographs are strictly for personal, noncommercial use, and not disruptive to the speaker or other learners.

Video Policy:

No video recording allowed.

CELLULAR PHONE POLICY

Keep phones on silent, vibrate, or do not disturb to avoid disrupting speakers and attendees. Be cognizant of not blocking the view of those around you if you are taking photos during a session. If you must answer an urgent call, quietly excuse yourself and leave the room before speaking.

WEATHER

October temperatures in Rio de Janeiro are generally between 70°F and 80°F (21°C and 27°C) with eight days of rain. It is generally a comfortable, moderately humid month with occasional rain showers.

MEETING ATTIRE

The attire for the in-person educational sessions is business.

The attire for the gala is formal tropical elegance with black tie optional. Ladies may wear a formal gown in a tropical pattern or color and men are encouraged to wear a tropical tuxedo or suit. Or as has been a tradition of the ISHRS, you may wear a costume reflective of your native country for the gala.

BADGES

An official ISHRS-issued badge for the 34th World Congress is required to enter the World Congress. Alterations and tampering with badges is prohibited and subject to the No Badge Swapping Policy.

Only those with a physician's badge will be permitted to attend education designated for physicians only.

BADGE REPRINT POLICY

A penalty fee of \$25 USD will be charged for the first reprint of lost or misplaced badges. A second reprint will incur a penalty fee of \$100 USD. Badges will not be printed a third time.

NO BADGE SWAPPING POLICY

You may not swap badges with other persons. Badges are issued to individuals for that individual's use, and only that individual's use. Replacement badges using another name or badge swapping is prohibited. Unauthorized use of Congress badges shall be subject to a \$2,000 USD fine per violation and punitive action by the Board of Governors, up to and including Congress ejection or possible forfeiture of ISHRS membership.

TICKETS

Tickets are required for the following events. For those in which you registered, the tickets will be included in your registration packet.

- Wednesday Basics Course
- Wednesday ABHRS Board Review Course
- Thursday WISHRS Luncheon
- Friday M&M Conference
- Saturday Gala & Awards Ceremony
- Family & Friends Tours

CONGRESS HOTEL AND MEETING LOCATION

Windsor Convention Center & Hotels
R. Martinho de Mesquita
129 – Barra da Tijuca
Rio de Janeiro – RJ
20031-204, Brazil

Details about accommodations, rates, and reservations can be found at:
<https://34thannual.org/hotel/>

Check-in time is 3:00PM and check-out time is 12:00PM.

HOTEL PARKING

Parking is available at the Windsor Convention Center & Hotels at the prevailing rates.

AIRPORT & GROUND TRANSPORTATION INFORMATION

The conference venue, the Windsor Convention Center & Hotels, is located 28.5 km (18 mi.) from Tom Jobim International Airport (GIG) and 25.2 km (16 mi) from Santos Dumont Airport (SDU). Traffic in Rio can be heavy, so pending your arrival or departure times you expect an approximately one-hour commute to/from either airport.

Blumar Pre-Arranged Airport Transfers

You may book your airport transportation through Blumar Congress & Events, the Official Travel Agency of the ISHRS 2026 World Congress.

Blumar can be reached via email at ishrs2026@blumar.com.br or WhatsApp at (+55 21) 99114 4780

Taxi

Taxis are available at the airport but be sure to get your taxi from the airport's official taxi counter/booth to avoid complications. It is best to use authorized [official yellow taxis](#) found immediately outside the terminal arrivals area to avoid unlicensed drivers. Radio Taxi is also known to be reputable. Most taxis accept the payment by credit card, but it's best to ask the driver before you get in. Drivers might only speak Portuguese so have your hotel address written down or visible on your phone, ready to show the driver. Always make sure that the meter is running before starting the journey.

Ride Share

Uber is available in Rio de Janeiro.

FRIENDS & FAMILY TOURS

One of the pillars of the ISHRS is collegiality, and that extends to the spouses, partners, family members and friends of our members. This year we are excited to offer tours for our congress attendees' friends and family to explore our host city of Rio de Janeiro.

Visit the ISHRS registration desk to check on current tour availability.

TOUR #1: HALF DAY CORCOVADO WITH LUNCH

Date: Thursday, October 15, 2026
Departure Time: 9:30AM
Estimated Return Time: 3:30PM
Duration: 6 hours
Mode: Bus tour with lunch
Cost: \$235.00 USD per person

Tour Description:

Depart from the Windsor Barra Hotel for a visit to the iconic Christ the Redeemer statue, elected one of the Seven Modern Wonders of the World. Standing 2,300 feet above sea level atop Corcovado Mountain, the monument offers one of the most breathtaking views in Brazil.

Following a scenic drive along Rodrigo de Freitas Lagoon, we will arrive at the base of the mountain, where guests will board the traditional train that climbs through the lush Tijuca Forest to the summit. Upon reaching the top, visitors will enjoy a spectacular panoramic view of Rio de Janeiro and discover why it is known as the "Marvelous City."

After the tour, enjoy a delicious lunch at Assador Rio's, one of the city's premier Brazilian steakhouses.

Lunch includes:

Assorted grilled meats served rodizio-style, salads and side dishes served at the table and dessert. Included beverages: mineral water, soft drinks, juice or coffee.

TOUR #2: BOTECA FOOD TOUR

Date: Friday, October 16, 2026
Departure Time: 6:30PM
Estimated Return Time: 11:30PM
Duration: 5 hours
Mode: Walking tour
Note: You will take an (estimated) 40-minute ride into the city, then proceed on foot. You will return to the Windsor hotel complex at the conclusion of the tour.
Cost: \$136.00 USD per person

Includes:

Bilingual guide and three bars visited during the experience.

- 3 drinks: bottled beer, draft beer, and caipirinha
- 5 traditional snacks (petiscos)
- Insider tips and stories from your local guide

Tour Description:

Discover an essential part of Rio's social life with our immersive Carioca Boteco Experience! Explore the bohemian heart of the city as we stroll through vibrant neighborhoods, home to some of Rio's most historic and beloved botecos the informal, lively pubs at the center of local culture.

Join us as we hop between three uniquely charming bars, soaking up their convivial atmosphere and the authentic hangout spirit of Cariocas. Along the way, you'll sample three classic Brazilian drinks, bottled beer, draft beer, and the world-famous caipirinha while savoring a selection of delicious petiscos, the traditional bar snacks that pair perfectly with your drinks.

Expect to mingle with locals, enjoy great conversation, and taste the flavors that make Rio's nightlife legendary, all in excellent company!

TOUR #3: AUTHENTIC IPANEMA

(A Shopping Tour of Brazilian Style & Sweet Flavors)

Date: Saturday, October 17, 2026
Departure Time: 10:00AM
Estimated Return Time: 4:00PM
Duration: 6 hours

Mode:

Walking tour
Note: You will take an (estimated) 40-minute bus ride into the Ipanema shopping area, then proceed on foot. You will return to the Windsor hotel at the conclusion of the tour.

Cost: \$100.00 USD per person

Includes:

Bilingual guide and visits to selected stores (food/beverage purchases are not included*)

Tour Description:

Get ready to experience Ipanema the local way, where fashion, flavor, and Rio's laid-back beach lifestyle come together perfectly. This walking tour takes you through the neighborhood's most charming streets, visiting iconic Brazilian brands, tasting local treats, and soaking up the unmistakable Carioca vibe.

We begin on Garcia D'Ávila Street, home to some of Brazil's most beloved brands. Visit Havaianas, the world-famous flip-flop store that embodies Brazilian fun and style; explore the colorful, tropical universe of Farm Rio; and step inside Granado, Brazil's oldest and most elegant apothecary.

Next, indulge your sweet tooth at Dengo, a boutique chocolate shop celebrating Brazil's finest cacao and coffee. Guests will have the opportunity to taste award-winning chocolates made from sustainable farms in Bahia and Pará a true taste of Brazil.

The tour continues along Visconde de Pirajá, the vibrant heart of Ipanema. Stops include Gilson Martins, known for playful bags and accessories inspired by Rio's beaches and skyline, and Hering, a Brazilian classic recognized for timeless comfort and simplicity.

And because no stroll through Rio is complete without a refreshing treat, we'll pause at Sorvetes Brasil, an artisan ice cream shop where you can sample tropical flavors such as cupuaçu, tapioca, and guava.

Finally, we'll end our experience on the elegant Maria Quitéria Street, visiting two icons of Brazilian fashion: Richards, with its relaxed beach-inspired style, and Osklen, a pioneer in sustainable luxury that perfectly blends nature, fashion, and design.

Enjoying Rio Safely

Rio de Janeiro is a vibrant, welcoming city, and we hope you'll take time to enjoy it during your stay. As in many large cities around the world, petty theft can occur, particularly in crowded areas, so a few simple precautions will help keep your visit trouble-free.

- Keep phones, cameras, and jewelry out of sight when walking in busy areas. Phone theft is common in Rio, do not use your phone when out and about. Step inside a store or restaurant if you need to use it.
- Order your taxi or rideshare from INSIDE of restaurants, before you step onto the street to wait.
- Do not wear your congress badge outside of the hotel, making it obvious that you are a tourist.
- Carry only what you need for the day. Leave your passport and extra cash in your

hotel safe. A photocopy or digital copy of your passport is usually sufficient.

- Use licensed taxis or ride-sharing apps, especially in the evening.
- Stay in well-lit, well-populated areas after dark, and avoid walking alone in unfamiliar neighborhoods.
- At the beach, don't leave belongings unattended.
- Ask the hotel staff if you're unsure about a particular area.

A little awareness goes a long way. With sensible precautions, we're confident you'll have a safe and memorable time in Rio.

TECHNOLOGY INFORMATION: CONGRESS APP & RECORDED MEETING WEBSITE

ISHRS CONGRESS MOBILE APP

1. **GO TO** your phone's app store
Download: **ISHRS Meetings**
2. **LAUNCH** the app. Click on the 2026 Meeting.
3. **ENTER YOUR DETAILS.** Enter your email address and the access key that was emailed to you. Click "Log in."

ISHRS RECORDED MEETING WEBSITE & MOBILE APP

App & Recorded Meeting Website Opens:

LOGIN CREDENTIALS

Login credentials for the congress app and recorded meeting website are intended only for the registered attendee. Each attendee email address may only be logged into one device at a time. Any additional attempts to login will remove the attendee from other devices.

RECORDED MEETING WEBSITE

The recorded meeting website will be the web-based center for the 2026 World Congress. This site will utilize the same platform as the congress app. This website is where all meeting information may be accessed, and recorded sessions will be posted on November 3, 2026.

RECORDED MEETING WEBSITE:

<https://ishrs2026.eventscribe.net>

LOG IN

Repeat this each time you want to access the recorded meeting website.

1. Enter your e-mail address (the email address you registered for the congress with) and the access code emailed to you.
2. Click "Login".

Wifi is available in the meeting space at the Windsor Conference Center – Oceanico Wing

Network Name: **ISHRS**

Password: **ISHRSRIO2026**

ASKING QUESTIONS IN THE SESSIONS

Attendees are strongly encouraged to ask questions by submitting them via the Congress App. Questions submitted via app will be prioritized in the session over questions from the floor.

To submit your question:

- Open the Congress app
- Tap the "Schedule" tab
- Locate the session in which you wish to ask a question and tap the session name
- Tap "Q&A"
- Press the "Ask Question" button to add your question
- Press "Submit" to send your question to the moderators

LIVE TRANSLATION IN RIO

ACCESSING LIVE TRANSLATION DURING EDUCATIONAL SESSIONS

- Scan the QR code on the session page in the Final Program Guide or when displayed on the screen in the room.
- Choose your preferred language from the dropdown menu.
- Click "Attend."
- You may read the copy on the screen or click the audio button to listen to the translated text.

(Please be sure to have headphones connected to your device prior to initiating audible translation.)

ANNOUNCING THE ISHRS PODCAST

The ISHRS is launching a new podcast focused primarily on consumer education. During the World Congress, look for the glass recording cube in the Exhibit Hall, where ISHRS physician members will be recording discussions on hair loss, hair restoration, patient safety, treatment options, and other topics important to patients and the public. Following post-production, full video episodes will be available on the ISHRS YouTube channel, with audio episodes distributed through leading podcast platforms, including Apple Podcasts and Spotify.

FISHRS LOUNGE IN EXHIBIT HALL

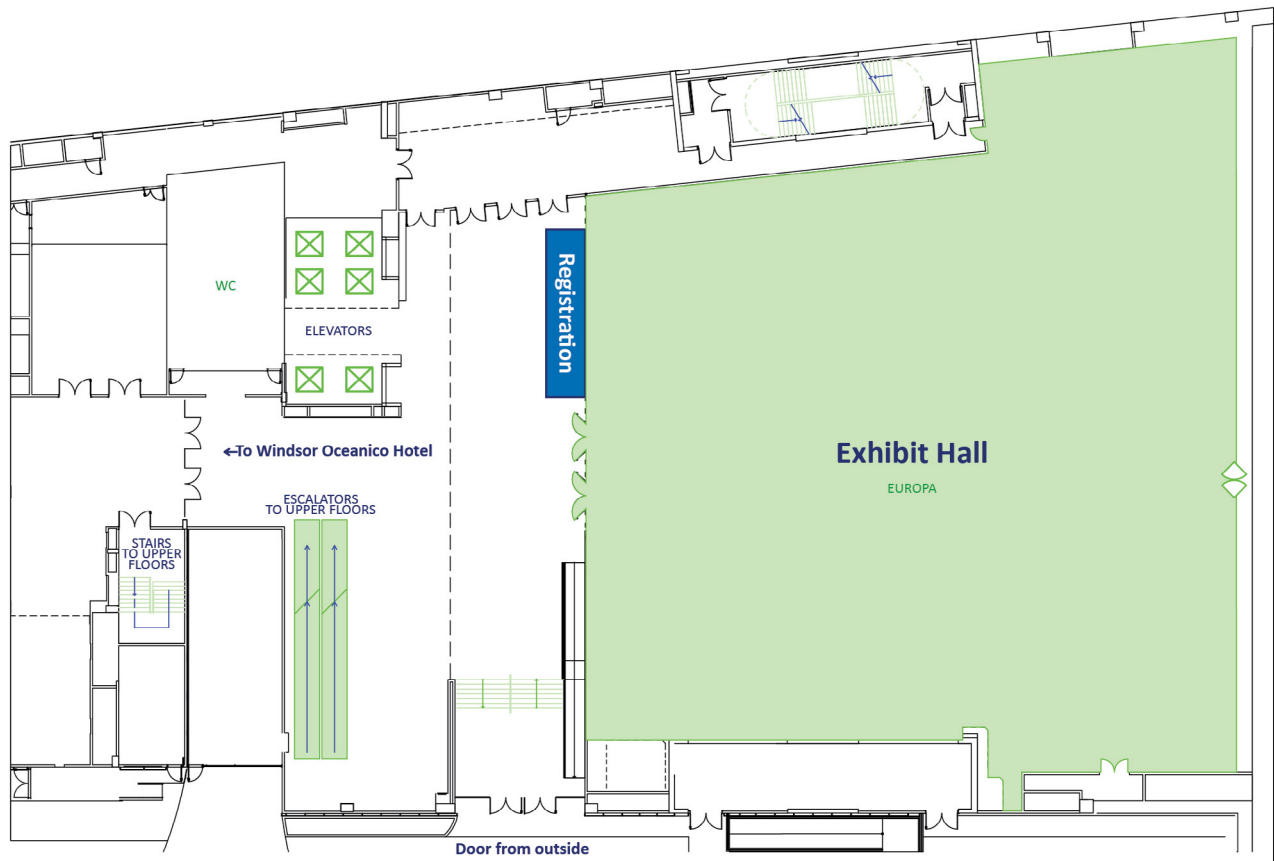

Location: Europa (Exhibit Hall) → Ground Floor

Take a break in this comfortable lounge, open exclusively to ISHRS Fellow members and their guests. You will find comfortable furniture, a place to gather with friends, and special snacks. As a benefit of your membership, this space to chat, work, or relax, will be open to you when the Exhibit Hall is open, Thursday through Saturday. Each Fellow Member is permitted to access this lounge with one guest.

WOMEN IN HAIR RESTORATION SURGERY LUNCHEON WEAR BURGUNDY!

Date: Thursday/October 15, 2026

Time: 12:50PM-1:50PM

12:30 PM Lunch Available | 12:50PM Program Begins

Location: Oceania II → Floor 2

Fee: \$50 USD

Chair: Marie A. Schambach, MD, FISHRS
| Guatemala

THIS IS NOT A NETWORKING LUNCH. THIS IS A MASTERCLASS.

Join WISHRS for one hour built entirely around the question every ambitious woman in this specialty should be asking: how do I get from here to the leadership table?

Featuring a virtual keynote by COL (ret.) Dr. Jessica Bunin — West Point graduate, 23-year US Army physician-leader, and co-founder

of All Levels Leadership — on assertive communication for women in male-dominated specialties. Followed by a candid senior panel, a leadership pipeline exercise, and a WISHRS emergency kit designed by female physicians, for female physicians.

Open to all women (and men) in the ISHRS - surgeons, technicians, researchers... Burgundy is the color.

Women in ISHRS. Finding the path.

ABOUT THE SHELDON KABAKER SCHOLARSHIP

Dr. Sheldon S. Kabaker was one of the founding members of the ISHRS. As one of the ten original board members, he helped to shape the Society into what it stands for today. He was a leader, a teacher, and a man of great surgical talent from whom many of us learned about the hairline lowering technique with trichophytic closure. With his wife, Marcia, he travelled the world to join in our many meetings and social events. He passed away in December 2023, and it was a tremendous loss for the society and his many friends, mentees, and colleagues. Established in 2024 and generously funded by Marcia Kabaker, the Sheldon Kabaker Scholarship is dedicated to supporting physicians in the field of hair transplantation through education, research, and membership. Dr. Kabaker was a dedicated, long-standing member of the ISHRS who devoted himself to the three pillars of the ISHRS – education, research, and collegiality. Hence, this scholarship fund memorializes Dr. Kabaker's years of dedication and teaching by extending this gift to others.

MEET THE EXPERTS

THURSDAY | OCTOBER 15, 2026

Meet the Experts Discussion Tables

3:45PM-4:30PM

Europa → Ground Floor

Open to all physician attendees on a first-come, first-served basis. This is an informal session for small groups to discuss a specific topic as noted on the list. The round tables will be labeled with a topic and table leaders' names. You may sit at any table you like and rotate to as many tables as you wish. Bring your questions! The idea is to have a dialogue among those interested in the topic – an interesting conversation. These are not formal presentations.

6:00PM-8:00PM **ISHRS & ABHRS M&M Conference** | Oceania II → Floor 2

FOCUSED SESSION BANK 1

V. Jayaprakash

A MESSAGE FROM THE CHAIR

It is my great pleasure to welcome you to the Focused Sessions at the 34th ISHRS World Congress in Rio de Janeiro. I am genuinely excited by the program we have put together. We have assembled a world-class group of speakers whose aim is not to skim the surface, but to drill down into each topic and explore the fine nuances that make the difference in real clinical practice. Whether your interest lies in regenerative therapies, surgical technique, practice management, or emerging technology, I am confident you will leave these sessions with a deeper understanding and fresh ideas to take home.

I would like to extend my sincere thanks to our amazing faculty, who have generously given their time and expertise to share their knowledge with colleagues from around the world. And an even bigger thank you to our even more amazing moderators, who will chair each session and guide the discussion. Their hard work in shaping these sessions is what brings the program to life. I look forward to seeing you there.

Vikram Jayaprakash, BM, FISHRS | Australia
Chair, Focused Sessions

FRIDAY | OCTOBER 16, 2026

C. Insalaco

L. Nader

8:00AM-9:30AM

Focused Session 201: Regenerative Therapies: Evidence, Devices & Clinical Protocols | *Asia II & III → Floor 3*

LEVEL: Intermediate-Advanced

DESCRIPTION: Regenerative treatments are one of the fastest-growing areas of hair restoration, and also one of the most heavily marketed. This session separates what the evidence supports from what it doesn't. Attendees will leave with a clearer framework for evaluating biologics and devices, and practical guidance on building treatment protocols that are safe, reproducible, and honest with patients.

MODERATOR: Chiara Insalaco, MD, PhD | Italy

CO-MODERATOR: Luis Nader, MD, FISHRS | Mexico

FACULTY: Ali Abbasi, MD, FISHRS | Iran

Pablo Cirino, MD, PhD | Brazil

Gorana Kuka Epstein, MD, FISHRS | Serbia

Ratchathorn Panchaprateep, MD, PhD, FISHRS | Thailand

Marie A. Schambach, MD, FISHRS | Guatemala

Piero Tesauro, MD | Italy

M. Pitchon

L. Caicedo

8:00AM-9:30AM

Focused Session 202: Long Hair FUE | *Oceania II → Floor 2*

LEVEL: Intermediate-Advanced

DESCRIPTION: Long hair FUE lets patients see an immediate preview of their result and return to normal life with minimal visible signs of surgery. This session explores when the technique is worth its added complexity, how extraction and implantation workflows need to adapt, and how to integrate it efficiently into everyday practice.

MODERATOR: Marcelo Pitchon, MD | Brazil

CO-MODERATOR: Laura Caicedo, MD, FISHRS | Spain

FACULTY: Francisco Jimenez, MD, FISHRS | Spain

Kotchamol Manonukul, MD, FISHRS | Thailand

L. Roberto Trivellini, MD, FISHRS | Spain

Akaki Tsilosani, MD, PhD, FISHRS | Georgia

Sebastian Yriart, MD, FISHRS | Argentina

Georgios Zontos, MD, MSc, PhD, FISHRS | Greece

FRIDAY | OCTOBER 16, 2026

8:00AM-9:30AM

Focused Session 203: Practice Management & Clinic Operations

| Oceania X → Floor 2

LEVEL: All levels

DESCRIPTION: A successful hair restoration practice depends on much more than surgical skill. This session focuses on the business and operational side of the clinic, including team structure, patient flow, efficiency, and sustainable growth. Attendees will come away with practical ideas they can put to work in their own practices straight away.

MODERATOR: David S. Josephitis, DO, FISHRS | USA

CO-MODERATOR: Lorena Visentainer, MD | Brazil

FACULTY: Edward Ball, MBBS, FISHRS | United Kingdom

Thalita Carlesso, MD | Brazil

Robert S. Haber, MD, FISHRS | USA

Gary Linkov, MD | USA

D. Josephitis

L. Visentainer

8:00AM-9:30AM

Focused Session 204: Hairline Design & Donor Area Management

| Oceania IX → Floor 2

LEVEL: Beginner - Intermediate

DESCRIPTION: The hairline and the donor area are the two foundations of a lasting result. This session looks at how to design natural, age-appropriate hairlines that will still look right decades from now. It also covers how to manage the donor area so it remains a resource for the patient's lifetime. The emphasis is on long-term planning rather than short-term impact.

MODERATOR: Russell G. Knudsen, MBBS, FISHRS | Australia

CO-MODERATOR: Jennifer M. Krejci, MD, FISHRS | USA

FOCUSED SESSION BANK 2

J. Park

B. Ferreira

B. Pinto

M. Scheel

FRIDAY | OCTOBER 16, 2026

2:00PM-3:30PM

Focused Session 211: Large Graft-Number Procedures & Donor Preservation | Asia II & III → Floor 3

LEVEL: Advanced

DESCRIPTION: High-graft sessions can transform outcomes for patients with advanced loss, but they test the limits of the donor, the team, and graft survival. This session examines how to deliver large procedures safely and efficiently while protecting the donor area for the future. It includes where the sensible limits lie.

MODERATOR: Jae-Hyun Park, MD, PhD, FISHRS | South Korea

CO-MODERATOR: Bruno Ferreira, MD | Portugal

FACULTY: Marcio Crisostomo, MD, FISHRS | Brazil

Ted Miln, MBChB | United Kingdom

João Pedro Pereira, MD | Brazil

Felipe Pittella, MD | Brazil

2:00PM-3:30PM

Focused Session 212: AI, Digital Planning & Clinical Technology | Oceania II → Floor 2

LEVEL: All levels

DESCRIPTION: Artificial intelligence and digital tools are rapidly entering the consultation room and the operating theater. This session offers a grounded look at how these technologies can support assessment, planning, and patient communication, and at where the hype outpaces the reality. Attendees will leave better equipped to judge which tools genuinely add value to their practice.

MODERATOR: Bruno Pinto, MD, MSc | Portugal

CO-MODERATOR: Miriam Scheel, MD | Guatemala

FACULTY: Pankhuri Dudani, MD | India

Michal Kasprzak, PhD | Poland

Felipe Pittella, MD | Brazil

Rafael Reinert, MD | Brazil

FRIDAY | OCTOBER 16, 2026

2:00PM-3:30PM

Focused Session 213: Afro-Textured Hair Restoration | Oceania IX → Floor 2

LEVEL: All levels

DESCRIPTION: Afro-textured hair presents distinct challenges, from curl and transection risk to scarring tendencies and hairline aesthetics. This session builds understanding of these unique characteristics and the adaptations they require. The aim is to help surgeons approach patients with Afro-textured hair with greater confidence and achieve better outcomes.

MODERATOR: Henrique Radwanski, MD, FISHRS | Brazil

CO-MODERATOR: Luciana Takata, MD, PhD | USA

FACULTY: Fernando Basto Jr., MD, FISHRS | Brazil

Brigitte Castillo, MD | Dominican Republic

Meena Singh, MD | USA

Maria Marta Zollinger, MD | Brazil

H. Radwanski

L. Takata

2:00PM-3:30PM

Focused Session 214: Corrective Cases, Scarring Alopecia & Repair Surgery | Oceania X → Floor 2

LEVEL: Intermediate – Advanced

DESCRIPTION: Some of the most demanding work in hair restoration involves repairing previous surgery or treating patients with scarring alopecia. This session addresses how to assess and plan these complex cases, when surgery is and isn't appropriate, and how to work with a limited donor supply. It also covers managing expectations so patients get the best achievable result.

MODERATOR: Mauro Speranzini, MD, FISHRS | Brazil

CO-MODERATOR: Thalita Carlesso, MD | Brazil

MEET THE EXPERTS

FRIDAY | OCTOBER 16, 2026

Meet the Experts Discussion Tables

3:35PM-4:20PM

Europa → Ground Floor

Open to all physician attendees on a first-come, first-served basis. This is an informal session for small groups to discuss a specific topic as noted on the list. The round tables will be labeled with a topic and table leaders' names. You may sit at any table you like and rotate to as many tables as you wish. Bring your questions! The idea is to have a dialogue among those interested in the topic – an interesting conversation. These are not formal presentations.

Table Number	Subject	Table Leader #1	Table Leader #2
Table 1	Ergonomics	Maria Muricy, MD Brazil	Leoncino Moncado, MD, FISHRS Venezuela
Table 2	Women's Hair Surgery	Nilofer P. Farjo, MBChB, FISHRS United Kingdom	Ronald L. Shapiro, MD, FISHRS USA

M&M CONFERENCE

G. Zontos

A. Shahmalak

FRIDAY | OCTOBER 16, 2026

6:00PM-8:00PM **ISHRS & ABHRS Morbidity & Mortality Conference** | Oceania II → Floor 2

FEE: \$125 USD (*dinner included*)

LEVEL: Physicians Only, All Levels

CHAIR: Georgios Zontos, MD, MSc, PhD, FISHRS | Greece

CO-CHAIR: Asim Shahmalak, MBBS, FISHRS | United Kingdom

The Morbidity and Mortality (M&M) Conference provides a unique and invaluable opportunity for us to learn from each other by openly discussing complications and challenges in hair restoration surgery. This collegial and confidential forum allows us to share insights, refine our approaches, and ultimately improve patient outcomes.

Traditionally, M&M conferences are recurring meetings held by medical services at academic medical centers, most large private medical and surgical practices, and other medical centers. They are peer reviews of mistakes made or complications that occur during the care of patients. The objective of the conference is to provide recommendations on how to eliminate the likelihood of repeat occurrences. Information presented at the M&M Conference is protected and held in confidence.

Morbidity and mortality conferences are non-punitive and focus on the goal of improved patient care. The proceedings highlight recent cases and identify areas of improvement for clinicians involved in the case. Publicly presenting our complications takes tremendous courage but ultimately leads to the very best learning opportunities. Physicians will present their cases and then audience members will formulate and pose questions to the presenter to discuss how the case may have been managed differently.

Dinner will be served and is included in the course fee.

Registration is limited.

12:20PM-1:30PM **Lunch** | Europa → Ground Floor

12:30PM-1:20PM **Live Patient Viewing** | Oceania VIII, IX, X → Floor 2

CO-CHAIR: Otavio Boaventura, MD | Brazil

CO-CHAIR: Francisco Le Voci, MD | Brazil

The Live Patient Viewing is one of the most important sessions of the ISHRS World Congresses. It is an opportunity for attendees to see live results of hair restoration surgical procedures from a variety of surgeons. In the past, cases have included repair, eyebrow, body hair transplantation, HT in unusual indications, and also results from regular linear strip excision and FUE cases.

A poster is prepared for each patient that includes before photos and brief information about the case and techniques used.

Patients who agree to show their postoperative results, as well as the doctors who bring them, deserve our respect and support for their willingness to subject their results to scrutiny and contribute to our learning experience. Attendees are asked to be mindful of their comments during this session. Negative or disparaging comments about a patient's results to the patient are offensive, psychologically hurtful, and violate our ethical commitment to "do no harm."

RHYTHMS OF BRAZIL

GALA DINNER & AWARDS

DATE: Saturday | October 17, 2026

TIME: 7:00PM-12:00AM

7:00PM Cocktail Reception | 8:00PM Dinner

FEE: \$200 USD per person

2 tickets included with the Trustee Circle AGF donation level.

Tickets are required for entry and must be purchased in advance.

LOCATION: Asia Ballroom → Floor 3

ATTIRE: The attire for the gala is formal tropical elegance with black tie optional.

Ladies may wear a formal gown in a tropical pattern or color and men are encouraged to wear a tropical tuxedo or suit. Or as has been a tradition of the ISHRS, you may wear a costume reflective of your native country for the gala.

Join us for an evening of immersion into the many rhythms of Brazil.

We will begin the evening with the soft music of Bossa Nova as you celebrate the conclusion of another ISHRS World Congress with your colleagues and friends. When we sit down to dinner we will enjoy performances that highlight some of Brazil's most famous forms of dance, interspersed between the presentation of the prestigious ISHRS Awards.

Following dinner and the awards presentation we will find our way to the dance floor to enjoy those Ritmos do Brasil while we dance the rest of the night away.

ISHRS EUROPE WORLD LIVE SURGERY WORKSHOP: VALENCIA

ADVANCED HAIR RESTORATION

📅 MAY 28-29, 2027

📍 VALENCIA, SPAIN

CHAIR:
LAURA CAICEDO, MD, FISHRS
SPAIN

CO-CHAIR
MARÍA ASENSI, MD
SPAIN

Join us for an exclusive **2-day educational event** focused on advanced hair restoration techniques and surgery in the beautiful and historic city of Valencia, Spain.

What to Expect

- **2-day programme**
 - **Day 1:** Comprehensive didactic lectures and expert presentations
 - **Day 2:** Live surgery observation
- Learn directly from international expert surgeons
- **4 concurrent live operating theatres**, showcasing advanced surgical techniques in real time
- Topics including:
 - **Long Hair FUE**
 - **Afro Hair Transplantation**
 - **Megasession Concepts & Workflow**
 - **Advanced Regenerative Treatments**
 - **Eyebrow & Eyelash Transplantation**
 - **Reconstructive Hair Surgery**

The workshop will be aimed at intermediate to advanced level surgeons.
Don't miss Europe's premier hair restoration event!

SURGICAL ASSISTANTS PROGRAM

LOCATION: Asia IV → Floor 3

CHAIR: Christine Turner, EEN | Australia

DESCRIPTION:

Welcome to the 2026 Surgical Assistants Program, created to reflect the expanding role, expertise, and global impact of surgical assistants and technicians in the field of hair restoration.

This engaging multi-day program brings together surgical assistants, technicians, nurses, and physicians from around the world for hands-on learning, live demonstrations, interactive discussions, and practical education designed specifically for today's hair restoration teams.

This year's program is chaired by Christine Turner, EEN, Head Nurse at the Knudsen Clinic in Sydney, Australia, and recipient of the 2025 ISHRS Distinguished Surgical Assistant Award. Her leadership and dedication to surgical assistant education continue to help shape the future of the specialty.

Sessions will explore the ideas, innovations, and practical challenges shaping hair restoration today, including advances in regenerative therapies and AI, evolving surgical techniques, patient safety, team communication, and the growing role of surgical assistants within modern practices.

The program places an even greater emphasis on interaction and shared learning, with procedural videos, hands-on device experiences, and discussion-driven sessions designed to encourage collaboration and provide attendees with practical ideas they can bring back to their own clinics.

Whether you are new to the field or an experienced member of a surgical team, the Surgical Assistants Program offers an opportunity to refine your skills, gain new perspectives, and connect with colleagues from around the world who share a commitment to advancing patient care and surgical excellence.

Note: Non-Physician and Physician attendees may attend the Surgical Assistant Program sessions.

FEATURED GUEST SPEAKERS

STOUGH LECTURER

Maria Hordinsky, MD

Vice Chair of Research, R.W. Goltz Professor, Department of Dermatology, University of Minnesota, Minneapolis, MN, USA

M. Hordinsky

Maria K. Hordinsky, M.D. is the R. W. Goltz Professor in the Department of Dermatology at the University of Minnesota. She is a tenured faculty member, Vice Chair of Research, and Immediate Past Chair of the Department, a position she supported for 23 years. Dr. Maria Hordinsky is recognized for her expertise and research in hair diseases and the peripheral nervous system as it relates to hair follicle biology. She recently completed a five year term as a member of the Board of Directors of the American Academy of Dermatology and is a member of the Board of Directors of the Scarring Alopecia Foundation. She is also a Past President of the American Hair Research Society (North, South, Central) and the Association of Professors of Dermatology.

Dr. Hordinsky was a recipient of the Leonard Tow Humanism in Medicine Award and has over 200 publications. She regularly lectures and teaches on hair diseases and divides her time between seeing patients with residents and medical students in her clinical practice associated with University of Minnesota Physicians, doing clinical research, teaching, and administration.

Dr. Hordinsky will speak on, “Phase 3 SCALP Clinical Trial Program Evaluating Topical Clascoterone 5% Solution for Androgenetic Alopecia”

About the Stough Lectureship:

The Stough Lectureship recognizes an individual with vision and a demonstrated passion for education. Established in 2019, the Stough Lecture honors ISHRS Co-founder Dow Stough, MD, who in the early 1990’s recognized that the fractured, chaotic, and often secretive world of hair restoration needed an anchor. The founding of the ISHRS in 1993 brought order to chaos, turned competitors into colleagues, and created an educational organization that has changed the face and improved the outcomes of hair restoration throughout the world. A very well-respected dermatologist from Hot Springs, Arkansas, USA, Dr. Stough was one of the earliest proponents of follicular unit transplantation and natural looking hairlines, and his focus on innovation and teaching is evidenced by Dow being the youngest President, Program Chair, Golden Follicle Award winner, and Manfred Lucas Award winner in ISHRS history. He is a true leader and his contagious enthusiasm has inspired and motivated many hair transplant surgeons. His knack for encouraging colleagues – newcomers and old-timers alike – to get involved, share knowledge, and ask questions, is perhaps his greatest legacy.

D. Stough

NORWOOD LECTURER

Jason Sonners, DC, PhD, FMHC

Private Practice

J. Sonners

Dr. Jason Sonners is the founder of NJ HBOT, PA HBOT, and HBOT USA and has nearly 20 years of experience in the field of hyperbaric oxygen therapy. A Certified Hyperbaric and functional medicine Practitioner, researcher, and educator, he integrates hyperbaric oxygen therapy with nutrition, exercise physiology, detoxification strategies, and comprehensive functional health approaches to support complex clinical cases.

Dr. Sonners earned his Doctor of Chiropractic and holds advanced diplomate certifications in clinical nutrition (DCBCN) and applied kinesiology (DIBAK). He also completed his PhD in Molecular Biology with a concentration in regenerative medicine at the University of Miami Miller School of Medicine, where his research focused on hyperbaric oxygen mechanisms and applications.

He has authored 5 books including the Amazon best-selling book *Oxygen Under Pressure* and co-author of the professional textbook *The Art and Science of Hyperbaric Medicine*. Dr. Sonners lectures internationally on hyperbaric medicine and serves on the board and faculty of the International Hyperbaric Association (IHA) and the International Board of Undersea Medicine (IBUM), where he helps train and certify clinicians and hyperbaric technicians worldwide.

Dr. Sonners and his wife, Dr. Melissa Sonners, co-own Core Therapies Family Wellness Center, a multidisciplinary clinic in Northern New Jersey. Through HBOT USA, he works to expand patient access to hyperbaric medicine by helping practitioners safely integrate hyperbaric technology while advancing best practices in protocols, education, and safety standards.

Dr. Sonners will speak on, “Emerging Hyperbaric Research and Implications on Clinical Practice: Inflammatory Control, Healing and Cell Regeneration”

About the Norwood Lectureship:

The Norwood Lectureship pays tribute to O’Tar Norwood, MD, an Oklahoma physician who had a long and successful career in dermatology. At the time of writing his first book on Hair Transplant Surgery in 1973, he was Clinical Assistant Professor of Dermatology at the University of Oklahoma Medical School, USA. Amongst other things he was a Founding Member of the American Society for Dermatologic Surgery and with Dr. Dow Stough he was instrumental in gathering like-minded doctors in 1992 to form the ISHRS. O’Tar was a restless thinker who brought together people and ideas to explain the MPHL process. His letters and communications were so numerous that he started a magazine called the Hair Transplant Forum International. It grew very quickly and became so popular that everyone wanted to read it and contribute articles. Soon after, O’Tar donated the magazine to the ISHRS. Its descendant is the ever-popular Forum we read today. O’Tar continued to publish and teach at our conferences for many years. His name is etched in our history. Those who knew O’Tar fondly remember the informal moments after lectures where his wit and joy for life were wonderful to share. He would welcome all with his cheeky warm smile.

O. Norwood

FEATURED GUEST SPEAKERS

ADVANCES IN HAIR BIOLOGY LECTURER

Carolina Motter Catarino, PhD

Preclinical Center Coordinator, Grupo Boticário, Curitiba, Brazil

Carolina Motter Catarino, PhD, is an expert in bioengineering and toxicology, currently serving as the Preclinical Center Coordinator at Grupo Boticário in Brazil. She earned her Master's degree in Clinical Analysis from the Faculty of Pharmaceutical Sciences at the University of São Paulo (USP), where her research focused on the biology of the skin. She subsequently earned her PhD in Chemical Engineering from Rensselaer Polytechnic Institute, pioneering the use of 3D bioprinting to construct physiologically relevant human skin models.

Dr. Catarino's research includes the successful incorporation of hair follicles into 3D bioprinted skin models, a critical advancement for regenerative therapies and studying the hair cycle. Her clinical research interests comprise alternative in vitro methodologies, advanced computational modeling, and Next Generation Risk Assessment (NGRA). She leads a multidisciplinary team driving the development and implementation of new methodologies for studying the hair cycle and evaluating cosmetic active ingredients.

She has authored several scientific publications in prestigious journals, including Science Advances, Trends in Biotechnology, and Tissue Engineering. Dr. Catarino is an active member of the International Cooperation on Cosmetics Regulation (ICCR) Joint Working Group on "Integrated Strategies for Safety Assessment of Cosmetic Ingredients". An award-winning researcher, she is a recipient of the Lush Prize for Young Researchers in the Americas for her work on animal-free approaches.

Dr. Motter Catarino will speak on, "Bridging Data and Tissue: Bioinformatics and 3D Bioengineering for Next-Generation Hair Follicle Research"

The Advances in Hair Biology Lecture is generously supported by a grant from BOSLEY. The ISHRS is grateful to Bosley for more than 20 years of support.

C. Motter Catarino

FEATURED GUEST SPEAKER

Dirlene Roth, MD

Clinical and Surgical Dermatologist

Dr. Dirlene Roth is a trichologist, clinical and surgical dermatologist, with over 30 years of clinical experience, 25 of which as a surgeon. She is a member of the Brazilian Society of Dermatology – SBD, Brazilian Association of Hair Restoration Surgery – ABCRC, International Society of Hair Restoration Surgery – ISHRS, and the World FUE Institute – WFI. Dr. Dirlene also has an extensive career in education, having worked as a mentor and professor at various medical facilities in Brazil for over 15 years. Together with Dr. Samir Arbache, she is one of the mentors of the Microinfusion of Medication into the Skin (MMP®) technique, having trained more than 3000 dermatologists across Latin America on this procedure.

Dr. Roth will speak on, "Regenerative Hair Microinfusion as a Strategy to Maximize Hair Transplant Results"

Course Description:

The Basic Course is an intensive one-day program specifically developed for physicians with minimal or no prior experience in hair restoration surgery. The curriculum is organized into three focused lecture blocks, each addressing foundational topics including hair and scalp anatomy, patient assessment and selection, medical management, procedural planning and design, anesthesia techniques, donor harvesting, and graft implantation methods.

Following each lecture block, participants will engage in hands-on practical sessions at designated workstations, allowing for direct application of the concepts and techniques introduced.

The course features instruction and mentorship from internationally recognized experts and emerging leaders in the field, who will provide individualized guidance and be available for discussion throughout the day.

Registration for this course includes access to the ISHRS Basics Bundle.

PRECAUTION NOTE: This workshop will utilize sharps.

COURSE OUTLINE:

SESSION 1: BASICS & HAIRLINE

MODERATOR: Guillermo Guerrero, MD | Mexico

8:00AM-8:08AM	8	Introduction and Overview Guillermo Guerrero, MD Mexico
8:08AM-8:23AM	15	History of Hair Restoration Surgery David Perez-Meza, MD, FISHRS Mexico
8:23AM-8:31AM	8	Anatomy: Key Surgical Aspects Ximena Vila, MD Spain
8:31AM-8:43AM	12	Consultation: Who Is and Is Not a Good Candidate for Hair Restoration Surgery Miriam Scheel, MD Guatemala
8:43AM-8:55AM	12	Trichoscopy: Why Is It Important? Ratchathorn Panchaprateep, MD, PhD, FISHRS Thailand
8:55AM-9:10AM	15	Androgenetic Alopecia: Pathophysiology, Medical Treatment, and Surgery Timing Giselle Rodriguez, MD Mexico
9:10AM-9:21AM	11	The Basics of the Hairline Evolution and the Maturing Hairline William R. Rassman, MD USA
9:21AM-9:29AM	8	Male Hairline Design: Practical Aspects Ronald L. Shapiro, MD, FISHRS USA
9:29AM-9:37AM	8	Female Hairline Design Kotchamol Manonukul, MD, FISHRS Thailand
9:37AM-9:42AM	5	Q&A discussion
9:42AM-9:54AM	12	Coffee break & transition to workstations

SESSION 1 WORKSTATIONS

9:54AM-10:22AM	28	Station 1: Hairline Design (starts with group A) TABLE LEADER: Ronald L. Shapiro, MD, FISHRS USA Miriam Scheel, MD Guatemala Station 2: Hairline Design (group B) TABLE LEADER: Kotchamol Manonukul, MD, FISHRS Thailand William R. Rassman, MD USA Ximena Vila, MD Spain
10:22AM-10:24AM	2	<i>Rotate stations (Group A moves to Station 3, B moves to Station 4, C moves to Station 1, D moves to Station 2)</i>
10:24AM-10:52AM	28	Station 3: Trichoscopy Using Different Devices (group C) TABLE LEADER: Ratchathorn Panchaprateep, MD, PhD, FISHRS Thailand Giselle Rodriguez, MD Mexico Station 4: Trichoscopy Using Different Devices (group D) TABLE LEADER: Maira Merlotto, MD, MSc Brazil Guillermo Guerrero, MD Mexico
10:52AM-10:54AM	2	<i>Return to classroom</i>

401: BASICS COURSE

OCTOBER 14, 2026
WEDNESDAY
EXTRA COURSES

SESSION 2: FUE, DONOR AREA & ANESTHESIA

MODERATOR: Bruno Pinto, MD | Portugal

10:54AM-11:06AM	12	Donor Area Assessment and Limits Bruno Pinto, MD, MSc Portugal
11:06AM-11:14AM	8	Safe Anesthesia for Hair Transplant Surgery Maira Merlotto, MD, MSc Brazil
11:14AM-11:26AM	12	FUE Basics and Mechanical Devices Bruno Ferreira, MD Portugal
11:26AM-11:34AM	8	Choosing FUE Device and Punch Type Otavio Boaventura, MD, MSc Brazil
11:34AM-11:39AM	5	Q&A Discussion
11:39AM-12:14PM	35	<i>Lunch with faculty</i>
12:14PM-12:22PM	8	<i>Group photo & return to workstations</i>

SESSION 2 WORKSTATIONS

12:22PM-12:42PM	20	Station 5: FUE Harvesting Mamba (starts with group A) TABLE LEADER: Maira Merlotto, MD, MSc Brazil Otavio Boaventura, MD Brazil
12:42PM-12:44PM	2	<i>Rotate stations</i>
12:44PM-1:04PM	20	Station 6: FUE Harvesting Zeus (group B) TABLE LEADER: Freddy Bravo Crisostomo, MD Chile Maria Marta Zollinger, MD Brazil Francisco Le Voci, MD Brazil
1:04PM-1:06PM	2	<i>Rotate stations</i>
1:06PM-1:26PM	20	Station 7: FUE Harvesting WAW (group C) TABLE LEADER: Giselle Rodriguez, MD Mexico Ratchathorn Panchaprateep, MD, PhD, FISHRS Thailand
1:26PM-1:28PM	2	<i>Rotate stations</i>
1:28PM-1:48PM	20	Station 8: FUE Harvesting Other (group D) TABLE LEADER: Elson Marques Viana, Jr., MD Brazil Solon Eduardo Gouveia Souza, MD Brazil João Sodré, MD Brazil
1:48PM-1:52PM	4	<i>Return to classroom</i>

SESSION 3: FUT, GRAFT PLACEMENT & COMPLICATIONS

MODERATOR: Guillermo Guerrero, MD | Mexico

1:52PM-2:07PM	15	FUT: OVERVIEW Indications, Contraindications, Strip Harvesting Henrique Radwanski, MD, FISHRS Brazil
2:07PM-2:15PM	8	How Many Grafts Does a Patient Need? Surgical Planning Anastasios Vekris, MD Greece
2:15PM-2:23PM	8	Graft Placement Techniques Using Pre-made Slits Luciana Takata, MD, PhD USA
2:23PM-2:31PM	8	Graft Placement Techniques Using Stick-and-Place Elson Marques Viana, Jr., MD Brazil
2:31PM-2:36PM	5	Q&A Discussion
2:36PM-2:48PM	12	<i>Coffee break & transition to workstations</i>

SESSION 3 WORKSTATIONS

2:48PM-3:13PM	25	Station 9: Strip Harvesting (starts with group A) TABLE LEADER: Henrique Radwanski, MD, FISHRS Brazil Fernando T. Basto Jr., MD, FISHRS Brazil
3:13PM-3:15PM	2	<i>Rotate stations</i>
3:15PM-3:40PM	25	Station 10: Graft Preparation (group B) TABLE LEADER: Maria Marta Zollinger, MD Brazil Francisco Le Voci, MD Brazil
3:40PM-3:42PM	2	<i>Rotate stations</i>
3:42PM-4:07PM	25	Station 11: Pre-made Slits & Graft Placement (group C) TABLE LEADER: Luciana Takata, MD, PhD USA Solon Eduardo Gouveia Souza, MD Brazil
4:07PM-4:09PM	2	<i>Rotate stations</i>
4:09PM-4:34PM	25	Station 12: Different Types of Implanters (group D) TABLE LEADER: Anastasios Vekris, MD Greece Elson Marques Viana, Jr., MD Brazil
4:34PM-4:36PM	2	<i>Return to classroom</i>
4:36PM-4:48PM	12	What's Next? The Hair Transplant Surgeon Career Guillermo Guerrero, MD Mexico
4:48PM-4:58PM	10	Q&A Discussion
4:58PM-5:00PM	2	<i>Final considerations</i>

402: ABHRS BOARD REVIEW COURSE

M. Singh

G. Wong

Date: Wednesday/October 14, 2026

Time: 9:00AM-3:30PM

**8:30AM coffee available; 9:00AM course begins*

Location: Oceania VIII → Floor 2

Fee: \$495 USD

Level: Intermediate & Advanced (Physician Only)

CHAIR: Mayank Singh, MBBS, MS, MCh, FISHRS | India

CO-CHAIR: Garsing Wong, MBChB, FISHRS | New Zealand

FACULTY:

Waris Anwar, MD, FISHRS | Pakistan

Gorana Kuka Epstein, MD, FISHRS | Serbia

Bessam Farjo, MBChB, FISHRS | United Kingdom

Luis A. Nader, MD, FISHRS | Mexico

Radha Rani Palakurthi, MD | India

Georgios Zontos, MD, MSc, PhD, FISHRS | Greece

Course Description:

The ABHRS Board Review Course by the ISHRS is designed to assist aspiring candidates seeking certification by the American Board of Hair Restoration Surgery in focusing their studies for the written and oral examinations which lead to certification. In addition, candidates will be exposed, via mock oral exams, to the screening criteria utilized by the ABHRS in assessing for the presence of those behavioral clinical skills that embrace the highest quality ethical standards patients are seeking in choosing their surgeon.

Faculty will cover the latest standards of care in the assessment, diagnosis, and treatment of hair loss disorders, examining scarring and non-scarring alopecias, and medical and surgical management, including FUE and Strip Excision (SE) donor harvesting and conservative hair transplant surgery design. In-person lectures ensure direct personal discussion and instruction.

Registration for this course includes access to the ISHRS Advanced/Board Review Course Bundle.

COURSE OUTLINE:

8:30AM-9:00AM 30 **Coffee**

Students will sit at assigned tables with faculty as follows:

TABLE 1: Radha Rani Palakurthi, MBBS | India

TABLE 2: Bessam Farjo, MBChB, FISHRS | United Kingdom

TABLE 3: Georgios Zontos, MD, FISHRS | Greece

TABLE 4: Gorana Kuka Epstein, MD, FISHRS | Serbia

TABLE 5: Waris Anwar, MD, FISHRS | Pakistan

TABLE 6: Luis A. Nader, MD, FISHRS | Mexico

SESSION 1: WELCOME & SHORT PRESENTATIONS

9:00AM-9:03AM	3	Welcome and Introduction
CHAIR: Mayank Singh, MBBS, MS, MCh, FISHRS India		
CO-CHAIR: Garsing Wong, MBChB, FISHRS New Zealand		
9:03AM-9:10AM	7	Differential Diagnosis of MPHL
Georgios Zontos, MD, MSc, PhD, FISHRS Greece		
9:10AM-9:13AM	3	Discussion
9:13AM-9:20AM	7	Local Anesthetic and Nerve Blocks / Local Anesthetic Toxicity
Garsing Wong, MBChB, FISHRS New Zealand		
9:20AM-9:23AM	3	Discussion
9:23AM-9:30AM	7	Topical and Oral Treatments Male Pattern Hair Loss – Pros and Cons
Radha Rani Palakurthi, MBBS India		
9:30AM-9:33AM	3	Discussion
9:33AM-9:40AM	7	Hair Transplantation in Scarring Alopecia
Luis A. Nader, MD, FISHRS Mexico		
9:40AM-9:43AM	3	Discussion
9:43AM-9:50AM	7	Management of Difficult Cases
Bessam Farjo, MBChB, FISHRS United Kingdom		
9:50AM-9:53AM	3	Discussion
9:53AM-10:00AM	7	Complications During and Post Hair Transplantation – Management
Mayank Singh, MBBS, MS, MCh, FISHRS India		
10:00AM-10:03AM	3	Discussion
10:03AM-10:18AM	15	Coffee Break

402: ABHRS BOARD REVIEW COURSE

EXTRA COURSES | WEDNESDAY | OCTOBER 14, 2026

SESSION 2: MOCK ORAL EXAM

Each student has a turn answering an oral exam question at their table.

10:18AM-10:25AM	7	Mock Oral Exam Overview Waris Anwar, MD, FISHRS Pakistan
10:25AM-10:40AM	15	Mock Oral Exam Demonstration Bessam Farjo, MBChB, FISHRS United Kingdom Radha Rani Palakurthi, MD India
10:40AM-10:45AM	5	Tips and Hints for the Exam Garsing Wong, MBChB, FISHRS New Zealand
10:45AM-11:00AM	15	Mock Oral Exam Question 1
11:00AM-11:05AM	5	Discussion
11:05AM-11:20AM	15	Mock Oral Exam Question 2
11:20AM-11:25AM	5	Discussion
11:25AM-11:40AM	15	Mock Oral Exam Question 3
11:40AM-11:45AM	5	Discussion
11:45AM-12:00PM	15	Mock Oral Exam Question 4
12:00PM-12:05PM	5	Discussion
12:05PM-12:20PM	15	Mock Oral Exam Question 5
12:20PM-12:25PM	5	Discussion
12:25PM-12:40PM	15	Mock Oral Exam Question 6
12:40PM-12:45PM	5	Discussion
12:45PM-12:50PM	5	<i>Group Photo</i>
12:50PM-1:25PM	35	<i>Lunch with Faculty</i>

SESSION 3: MOCK WRITTEN EXAM

1:25PM – 1:30PM	5	Mock Written Exam Orientation Gorana Kuka Epstein, MD, FISHRS Serbia
1:30PM – 2:15PM	45	Mock Written Exam Gorana Kuka Epstein, MD, FISHRS Serbia Georgios Zontos, MD, MSc, PhD, FISHRS Greece
2:15PM – 2:35PM	20	Discussion

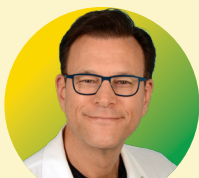

SESSION 4: FACULTY LIVE Q&A

All students will have the opportunity to ask questions of faculty in two groups.

2:35PM-2:55PM	20	Faculty Group 1: Waris Anwar, MD, FISHRS Pakistan Luis A. Nader, MD, FISHRS Mexico Georgios Zontos, MD, MSc, PhD, FISHRS Greece
2:55PM-3:15PM	20	Faculty Group 2: Gorana Kuka Epstein, MD, FISHRS Serbia Bessam Farjo, MBChB, FISHRS United Kingdom Radha Rani Palakurthi, MD India Garsing Wong, MBChB, FISHRS New Zealand
3:15PM-3:30PM	15	Final Considerations

403: SMP HALF-DAY COURSE.

R. Haber

P. Cirino

Date: Wednesday/October 14, 2026

Time: 1:00PM-5:00PM

Location: Oceania IX → Floor 2

Fee: There is no registration fee for this course. Seating is available on a first come, first served basis, subject to room capacity.

Level: All Levels

CHAIR: Robert S. Haber, MD, FISHRS | USA

CO-CHAIR: Pablo Cirino, MD, PhD | Brazil

FACULTY:

Cristiane Moraes Bispo de Maria | Brazil

Anna Yampolsky | USA

Nicole Large | USA

Mary Matsuda | Brazil/Greece

William R. Rassman, MD | USA

Antonio S. Ruston, MD | Brazil

Sara M. Wasserbauer, MD, FISHRS | USA

Course Description:

Scalp Micropigmentation (SMP) is a powerful adjunctive therapy to complement any hair transplantation practice. It is a subtle tool which can be used in aiding cosmesis related to low follicular density or scarring from previous surgery. It accomplishes this by decreasing the appearance of color contrast between the hair and scalp. This workshop will address the basics of the science behind the different types of available pigments and how they interact with dermal tissue, the available systems and techniques for delivering these pigments, patient selection and indications, and how to deliver this care in a safe, responsible manner.

COURSE OUTLINE

- | | | |
|---------------|-----------|--|
| 1:00PM-1:02PM | 2 | Welcome and Introduction
Robert S. Haber, MD, FISHRS USA |
| 1:02PM-1:12PM | 10 | Dermatologic Consequences and Psychological Impact of SMP
Robert S. Haber, MD, FISHRS USA |
| 1:13PM-1:28PM | 15 | Explanation of SMP and Patient Selection
Mary Matsuda Brazil/Greece |
| 1:29PM-1:41PM | 12 | Pigments, Needles, Devices and Proper SMP technique
Robert S. Haber, MD, FISHRS USA |
| 1:42PM-1:54PM | 12 | SMP as a Density Amplifier and How it Can Complement Hair Transplantation
Nicole Large USA |
| 1:55PM-2:07PM | 12 | SMP for FUT and FUE Scar Camouflage and Repair of Overharvested/Depleted Donor Areas
Antonio S. Ruston, MD Brazil |
| 2:08PM-2:20PM | 12 | Complications, Bad SMP and When Not to Treat
Sara M. Wasserbauer, MD, FISHRS USA (Video) |
| 2:21PM-2:33PM | 12 | Brief Introduction of CRT
Pablo Cirino, MD, PhD Brazil |
| 2:34PM-2:49PM | 15 | Questions & Answers
All faculty |
| 2:50PM-3:10PM | 20 | Coffee Break |
| 3:10PM-4:45PM | 12 | Hands-On Learning
Cristiane Moraes Bispo de Maria Brazil
Anna Yampolsky USA
Nicole Large USA
Mary Matsuda Brazil/Greece
William R. Rassman, MD USA
Antonio S. Ruston, MD Brazil |
| 4:45PM-5:00PM | 12 | Final Wrap-up |

CASES, STUDIES & INNOVATIONS (CSI) PRESENTATIONS

These presentations are selected from submitted abstracts on various topics. Each CSI presenter has prepared a video presentation and possible poster. Videos will be displayed in the Exhibit Hall. Both videos and the poster PDFs may be viewed in the congress app and on the recorded meeting website. Attendees may view the CSI presentations at their leisure in the congress app and/or on the recorded meeting website once they open on October 6, 2026, and may be viewed until February 3, 2027.

Location: Europa → Ground Floor

CSI Viewing Hours

Thursday/October 15, 2026	8:00AM-7:30PM
Friday/October 16, 2026	9:00AM-5:00PM
Saturday/October 17, 2026	9:30AM-2:00PM

CSI Inquiry Session:

Saturday/October 17, 2026	10:20AM-11:05AM
---------------------------	-----------------

Online Viewing of Cases, Studies, and Innovations (CSI) Presentations

Congress attendees may view CSI Presentations on the Congress App or Recorded Meeting Website from October 6, 2026 – February 3, 2027.

To see an index of CSI Presentations:

- On the Recorded Meeting Website click “CSI Presentations” in the navigation bar.
- On the mobile app, click the Cases, Studios & Innovations button.

These presentations can be browsed by:

- Category
- Presentation number (which sorts by category and then author last name)
- Alphabetically by title
- Alphabetically by presenting author last name

Inside each CSI Presentation will be the presentation title, author information, disclosure information, abstract, take home message, and the video and/or poster PDF.

ANESTHESIA, SEDATION AND PAIN MANAGEMENT

EXHIBITS

EXHIBITORS

You are invited to visit the technical exhibit show at the ISHRS 34th World Congress, located at the Windsor Convention Center & Hotels in Rio de Janeiro, Brazil. Companies of interest to hair restoration surgeons will be displaying their products and services. Representatives will be available to answer questions.

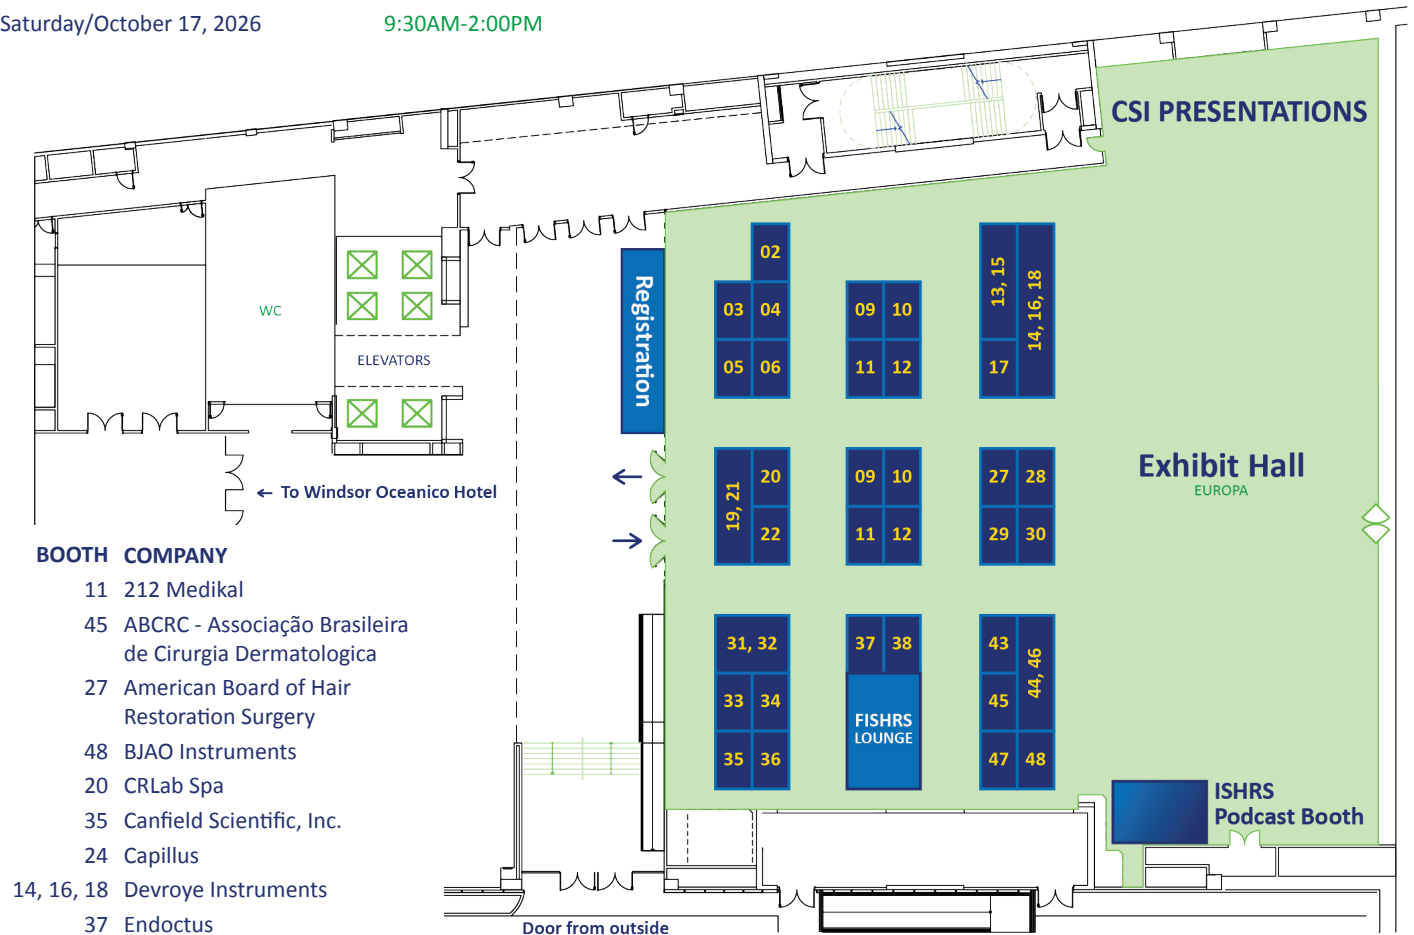

Exhibit Hours (times when the exhibit representatives are staffing their booths):

Thursday/October 15, 2026 **8:00AM-7:30PM**

Welcome Reception in Exhibit Hall: **6:00PM-7:30PM**

Friday/October 16, 2026 **9:00AM-5:00PM**

Saturday/October 17, 2026 **9:30AM-2:00PM**

ATTENDEE DUE DILIGENCE

An exhibitor's participation in the World Congress is not an endorsement by the ISHRS of the exhibitor, its products or services, or information provided by the exhibitor. The ISHRS makes no representations or warranties regarding any exhibitor or its products or services. An attendee's decision to purchase and use an exhibitor's product or service is at the attendee's sole risk. Due to the international nature of the World Congress, exhibitors from many countries exhibit at the World Congress.

It is the responsibility of each attendee to practice due diligence and evaluate an exhibitor's products or services to determine whether the exportation, importation, licensing, or use of an exhibitor's products or services is consistent with the law and medical rules, standards, and ethics applicable to the attendee.

The following is a list of exhibiting companies, arranged alphabetically by company name.

RULES AND PROPER ETIQUETTE

The World Congress is an educational activity. Attendees are expected to maintain professional etiquette and extend proper courtesies. Inappropriate behaviors will not be condoned. The meeting should not be used as an opportunity for solicitation of other physicians' staff or other unethical, inappropriate, and distasteful activities. It may seem obvious, but it is inappropriate and rude to make negative or soliciting comments to the live patients in the various sessions. Negative or disparaging comments about a patient's results to the patient are offensive, psychologically hurtful, and violate our ethical commitment to "do no harm." Patients who agree to show their postoperative results, as well as the doctors who bring them, deserve our respect and support for their willingness to subject their results to scrutiny and contribute to our learning experience.

Soliciting business in virtual or physical meeting rooms or spaces is prohibited. Only registered exhibitors, in the Exhibit Hall, may solicit business. There will be no distribution of handouts, flyers, or promotional items other than the official Abstract Book, or other than exhibitor items in the exhibit hall. Any handout or flyer intended for the handout table by the registration desk must be pre-approved by the ISHRS Executive Director. Any unapproved handouts will be removed and discarded. Inappropriate postings in the virtual platform, Congress app, or other meeting spaces or message boards will be removed and discarded.

The timing of any private ancillary meeting must be approved by the ISHRS.

It is vital for the doctors to discuss their complications and show patient photos. Public disclosure of a specific doctor's complications or patients is prohibited. There are ongoing debates in any field of evolving science, and disagreement between professionals is expected. However, inflammatory or inappropriate criticism of any specific ISHRS doctor's or assistant's lecture that has been made in good faith and according to the ethical standards of our Society is prohibited.

The purpose of these guidelines is not to suppress free speech or to conceal items from the public; rather, it is to encourage a free exchange among doctors without worries that anything said or done will be used against them by a competitor. All doctors have complications at various times, but it takes a special form of integrity to discuss them before a large group of colleagues. By the same token, we understand that most of the non-medical promotional professionals in our field provide a helpful public service while pursuing their business interests. We hope this communication between us will be on a high professional level that will benefit both the field and the patients.

DISCLAIMER

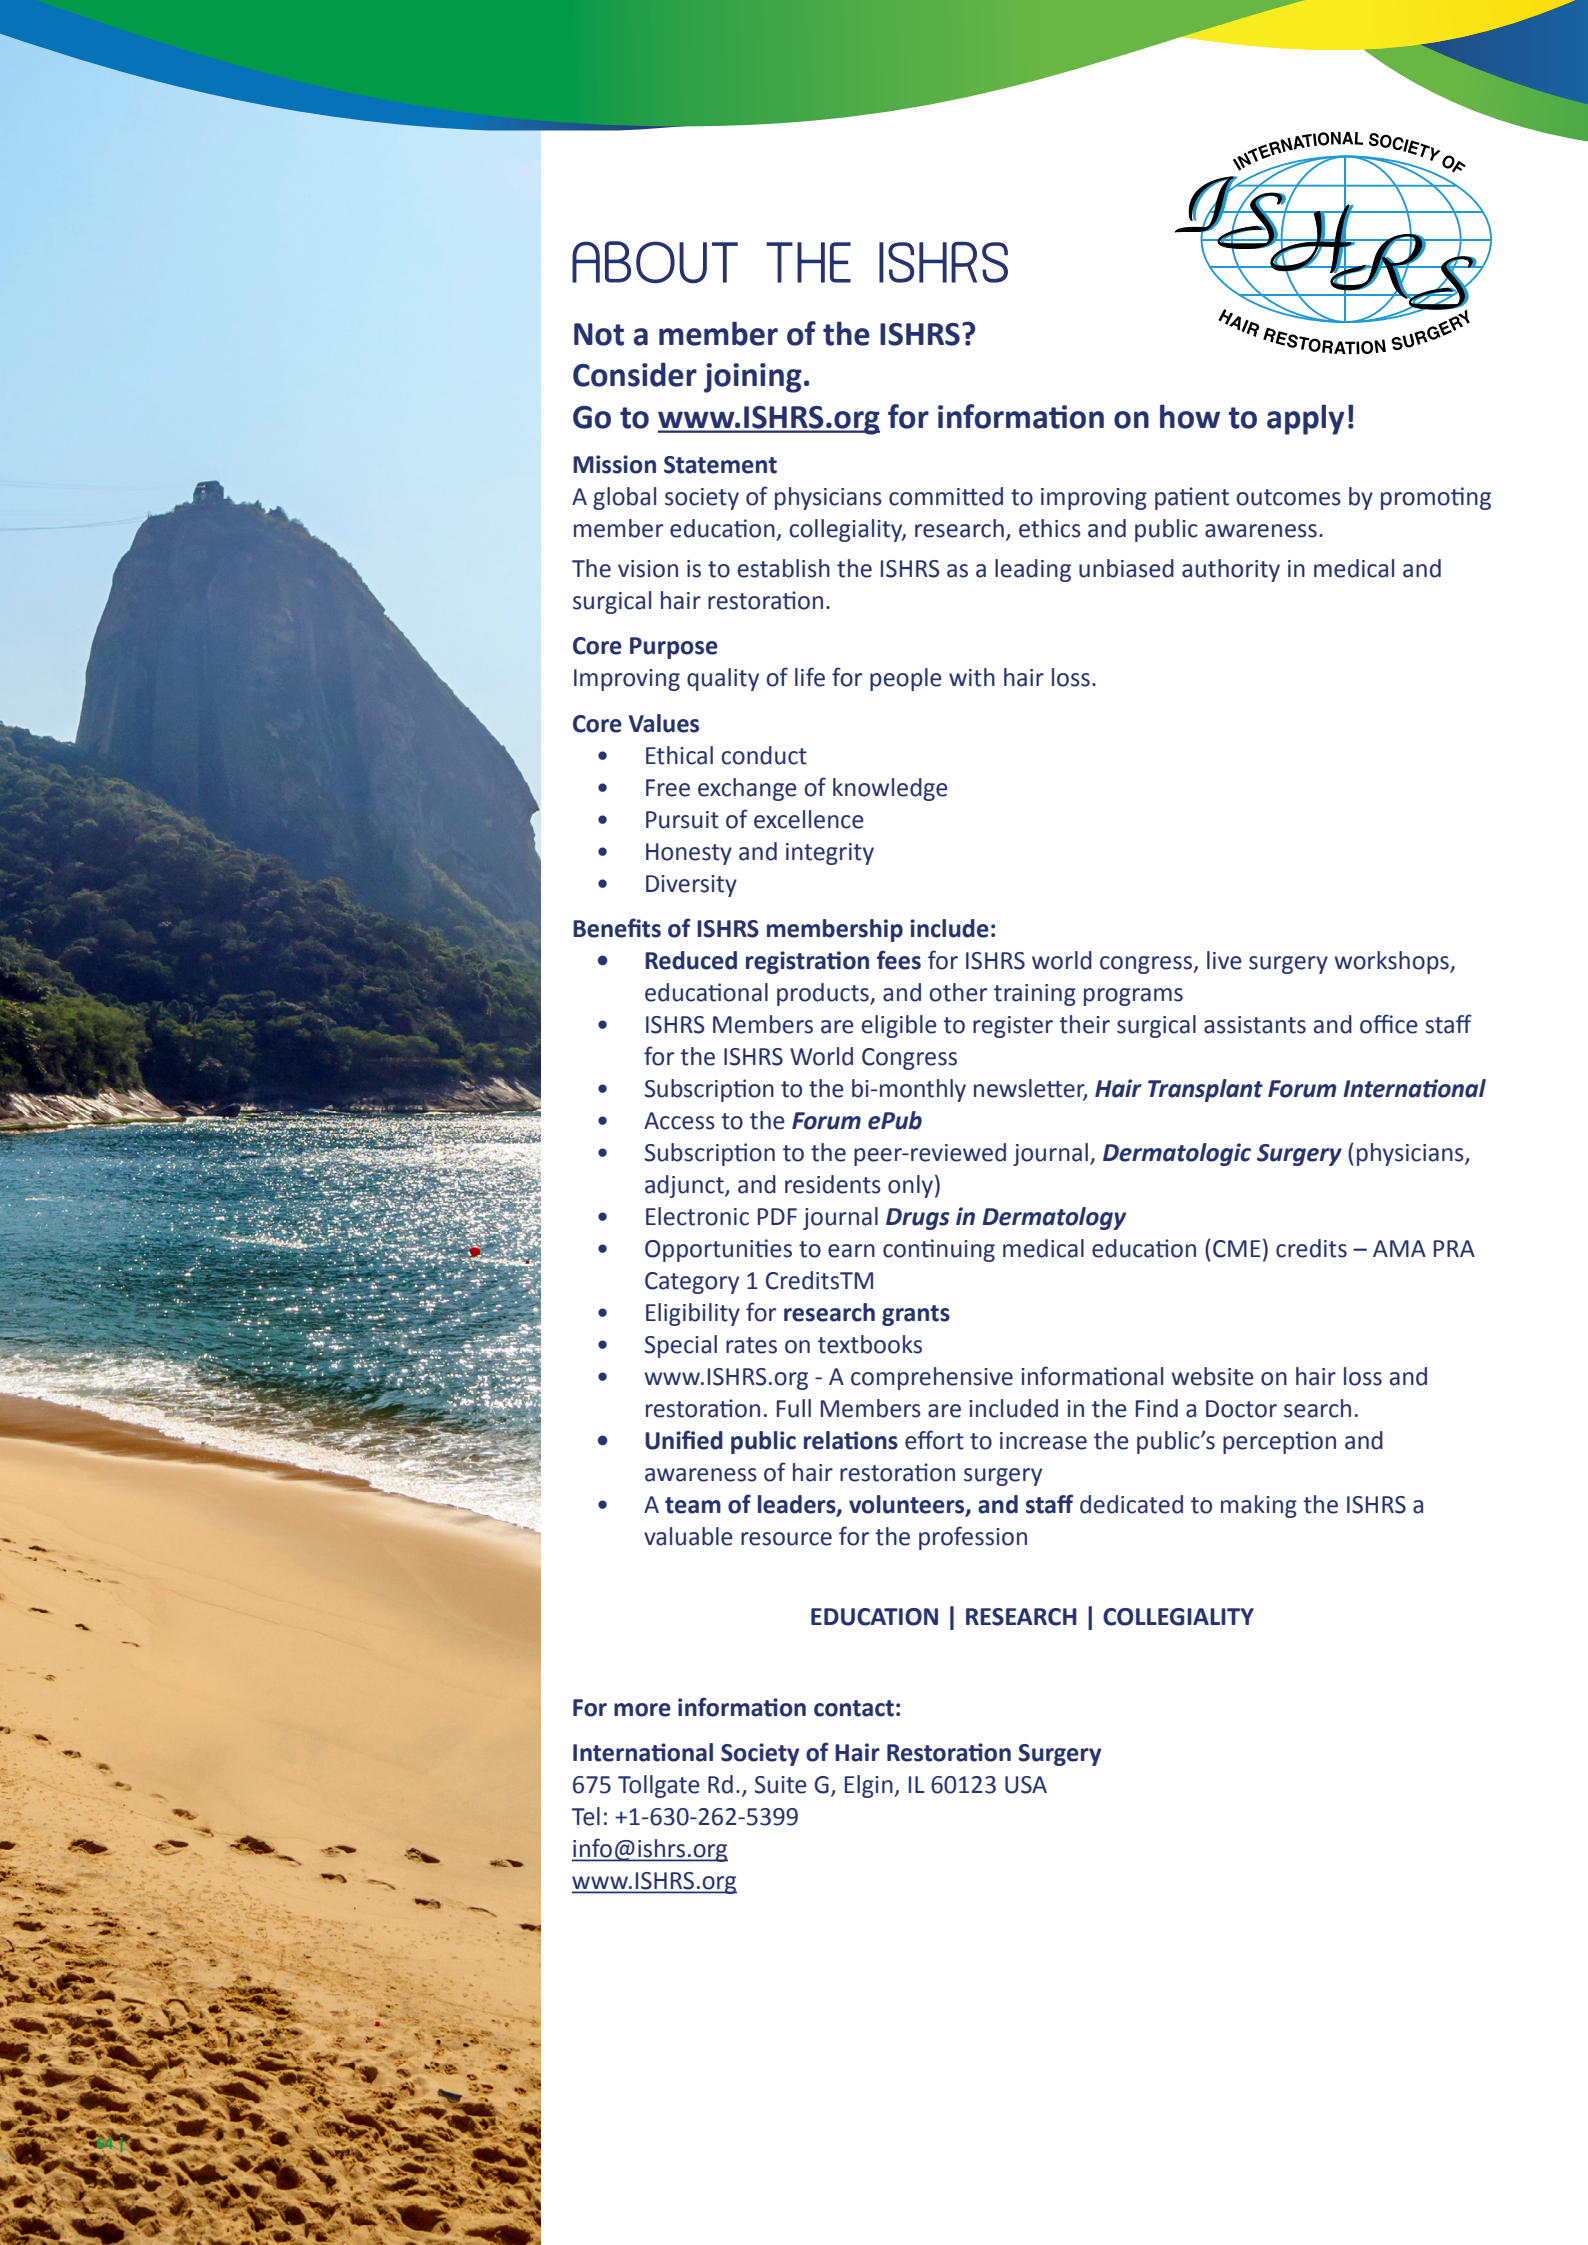

Registrants understand that the material presented at the World Congress has been made available under sponsorship of the International Society of Hair Restoration Surgery (ISHRS) for educational purposes only. This material is not intended to represent the only, nor necessarily the best, method or procedure appropriate for the medical situations discussed, but rather is intended to present an approach, view, statement or opinion of the faculty which may be of interest to others. As an educational organization, the ISHRS does not specifically approve, promote or accept the opinions, ideas, procedures, medications or devices presented in any paper, poster, discussion, forum or panel at the World Congress. Registrants waive any claim against ISHRS arising out of information presented in this Congress.

Registrants understand and acknowledge that volunteer patients have been asked to participate in the World Congress sessions for educational and training purposes. Registrants shall keep confidential the identity of, and any information received during the World Congress regarding, such volunteer patients.

Registrants further understand and agree that they cannot reproduce in any manner, including, without limitation, photographs, audiotapes and videotapes of the World Congress sessions. All property rights in the material presented, including common law copyright, are expressly reserved to the presenter or to the ISHRS. The sessions may be audio, videotaped, or photographed by the ISHRS.

By attending this program, in no way does it suggest that participants are trained and/or certified in the discipline of hair restoration surgery. All speakers, topics, and schedules are subject to change without prior notification and will not be considered reasons for refund requests.

Registrants agree to abide by all policies and procedures of the ISHRS. Registrants waive any claim against ISHRS for injury or other damage resulting in any way from course participation.

ABOUT THE ISHRS

Not a member of the ISHRS?

Consider joining.

Go to www.ISHRS.org for information on how to apply!

Mission Statement

A global society of physicians committed to improving patient outcomes by promoting member education, collegiality, research, ethics and public awareness.

The vision is to establish the ISHRS as a leading unbiased authority in medical and surgical hair restoration.

Core Purpose

Improving quality of life for people with hair loss.

Core Values

- Ethical conduct
- Free exchange of knowledge
- Pursuit of excellence
- Honesty and integrity
- Diversity

Benefits of ISHRS membership include:

- **Reduced registration fees** for ISHRS world congress, live surgery workshops, educational products, and other training programs
- ISHRS Members are eligible to register their surgical assistants and office staff for the ISHRS World Congress
- Subscription to the bi-monthly newsletter, ***Hair Transplant Forum International***
- Access to the ***Forum ePub***
- Subscription to the peer-reviewed journal, ***Dermatologic Surgery*** (physicians, adjunct, and residents only)
- Electronic PDF journal ***Drugs in Dermatology***
- Opportunities to earn continuing medical education (CME) credits – AMA PRA Category 1 Credits™
- Eligibility for **research grants**
- Special rates on textbooks
- www.ISHRS.org - A comprehensive informational website on hair loss and restoration. Full Members are included in the Find a Doctor search.
- **Unified public relations** effort to increase the public's perception and awareness of hair restoration surgery
- **A team of leaders, volunteers, and staff** dedicated to making the ISHRS a valuable resource for the profession

ABOUT THE ISHRS

The International Society of Hair Restoration Surgery (ISHRS) is a global non-profit medical association and a leading, unbiased authority in medical and surgical hair restoration with more than 1,200 members throughout 80 countries. Founded in 1993, it was the first, and is now the largest, international society to promote continuing quality improvement and education for professionals in the field of hair restoration surgery. Members have backgrounds in varying medical specialties including dermatology, plastic surgery, general surgery, and more.

The cornerstone of the ISHRS continues to be the annual world congress and the Forum publication. Both provide an accepted international forum for information exchange and rapid diffusion of new and innovative surgical techniques and instrumentation technology.

The ISHRS is **accredited by the Accreditation Council for Continuing Medical Education (ACCME)**, which is the agency responsible for sanctioning medical education for physician licensure in the United States. The ISHRS **holds a seat in the American Medical Association House of Delegates**, which is considered “the House of Medicine” in the United States and one of the most important groups to effect standards and legislation.

The ISHRS is a **member of and leads the Global Council of Hair Restoration Surgery Societies** which is comprised of 25 national and regional societies. Numerous countries’ Ministries of Health have contacted the ISHRS in the past for expert information on industry standards.

The ISHRS is the **leader in hair restoration surgical statistics and trend data**. See its 2025 Practice Census Survey results. The ISHRS has been cited in numerous major news outlets, publications, and receives much press since it is the most trusted source for unbiased information and the best education in the field of hair restoration surgery. A large part of the ISHRS’s effort is dedicated to **ensuring the safety of patients** and developing methods to minimize risks to patients while meeting the expectations of patients. The ISHRS has published and maintains FUE Clinical Practice Guidelines, FUT Clinical Practice Guidelines, Core Curriculum in Hair Restoration Surgery, and Core Competencies in Hair Restoration Surgery.

The ISHRS is **dedicated to facilitating the training of physicians**. The ISHRS has a Fellowship Training Program, Preceptorship Program, enduring educational materials and online resources, and offers numerous meetings that include lectures and surgical workshops. The ISHRS **holds its biggest event, the annual ISHRS World Congress, around the world**. Several of the countries in which it has organized meetings and live workshops include: United States, Australia, United Kingdom, Greece, Japan, South Korea, United Arab Emirates, Canada, Mexico, Malaysia, Thailand, The Netherlands, Czech Republic, Belgium, Poland, Spain, Italy, and India. Its faculty are world-renowned and the top experts, innovators, and pioneers in the field. The faculty and leadership are those physicians who write the textbooks in the field and author the most important journal articles. The majority of faculty have been in the field for 20+ years.

Above all, The ISHRS is dedicated to achieving excellence in medical and surgical outcomes by promoting member education, international collegiality, research, ethics, and public awareness.
